

Technical Data Sheet: GI Hex Head Self-Drilling Screw

Product Overview

Specifications for standard DIN 7504K Hex Head Self-Drilling Screws with a Galvanized (GI) finish. These screws feature a drill point that eliminates the need for pre-drilling in metal applications.

Feature	Specification
Product Type	Hex Head Self-Drilling Screw
Standard	DIN 7504K
Material	Carbon Steel (Case Hardened)
Finish	Galvanized (GI)

Dimension Reference (DIN 7504K)

Diameter (d)	Head Width (s)	Head Height (k)	Drill Point Type
ST3.5	5.5	2.3	No. 2
ST3.9	7.0	2.8	No. 2
ST4.2	7.0	2.8	No. 2
ST4.8	8.0	3.0	No. 3
ST5.5	8.0	3.8	No. 3
ST6.3	10.0	4.8	No. 3
