

Technical Data Sheet: GI L-Bolt

(Foundation Bolt)

Product Overview

Specifications for standard Galvanized (GI) L-Bolts, commonly used as foundation or anchor bolts for structural construction to secure objects to concrete.

Feature	Specification
Product Type	L-Bolt (Foundation Bolt)
Material	Carbon Steel (Grade 4.6 / 8.8)
Finish	Galvanized (GI)
Shape	L-Bent type

Common Dimensional Reference

Diameter (d)	Leg Length (L1)	Thread Length (L2)	Hook Length (L3)
M10	200	50	50
M12	250	60	60
M16	300	80	80
M20	400	100	100
M24	500	120	120
